Good Morning Miguel...

We spoke sometime ago after your first presentation to a number of City Council committees about the proposed Sidewalk Repair Program. We thought it would be beneficial for all to get together and discuss possible ways in which the LA BID community could participate in refining that proposal but agreed to hold-off scheduling anything definite until after July.

Since you and I talked, the LA BID Consortium has formed a committee that would like to meet with you.

Are there some meeting times that might work for you, which I can communicate with the committee members?

We look forward to seeing you soon.
